# Kombiplast

## Kombiplast

Highly transparent two layer thermoforming blank made of PETG and EVA. High wearing comfort splint therapy due to the occlusion splint featuring a hard outer surface and soft inner side. Bonds with acrylate for the individual adjustment.

Thickness	Pieces	Item no.
2 mm (soft 1 : hard 1)	10	D420016
3 mm (soft 1.5 : hard 1.5)	10	D420017
4 mm (soft 1 : hard 3)	10	D420018
